STRATEGIC LOCATION & DISTRIBUTION

Located in the heart of Toronto, Universal Green Packaging Inc. is perfectly positioned to serve clients Across North America. Our proximity to major transportation hubs allows us to efficiently deliver full Truckloads or rail shipments from coast to coast — whether it's the West Coast, East Coast, or anywhere In between. With access to both road and rail networks, we ensure timely, cost-effective distribution to All major markets across Canada and the United States.

OUR PURPOSE & PROMISE

At **Universal Green Packaging Inc.**, our purpose is to deliver high-quality, sustainable paper bag solutions through fully integrated, Canadian-based manufacturing. We are committed to helping brands across North America package their products with confidence, speed, and environmental responsibility — from raw material to final print. As we continue to grow, our promise is to lead the industry in reliability, innovation, and sustainability — setting the standard for paper packaging across the continent

ABOUT US

Universal Green Packaging Inc. is a **%100 Canadian** manufacturer of premium paper bags, proudly operating with nearly 30 years of experience in the packaging industry. Every aspect of our production — from raw material sourcing and rope manufacturing to flexographic printing and converting — is done entirely in-house at our state-of-the-art Canadian facilities.

Our vertically integrated model ensures full quality control, faster lead times, and exceptional customization options. Whether for retail, foodservice, or grocery, our bags are designed with durability, sustainability, and presentation in mind. By sourcing all raw materials from Canada and North America, we maintain consistent quality while supporting local supply chains.

At **Universal Green Packaging Inc.**, we're more than just a manufacturer — we're your trusted partner in sustainable, reliable, and proudly Canadian packaging solutions.

OUR CAPABILITIES

At **Universal Green Packaging Inc.**, we pride ourselves on our ability to meet any client's needs, whether for small-batch custom orders or large-scale production runs. Our facilities are equipped with high-speed, automated machinery that ensures full quality control at every stage, delivering consistent results with impressively short lead times.

Our vertically integrated model covers everything from twisted handle rope manufacturing to flexographic printing (up to 4 colors), cutting, folding, and finishing. Beyond standard sizes, we offer comprehensive customization options, including custom sizes for clients who meet our minimum order requirements.

Innovation is at the heart of our operations. We are proud to offer tamper-evident bags across all customizable sizes, a feature that sets us apart in the industry and makes us the go-to choice for food delivery services like Uber Eats and DoorDash.

03 PRINTING OPTIONS

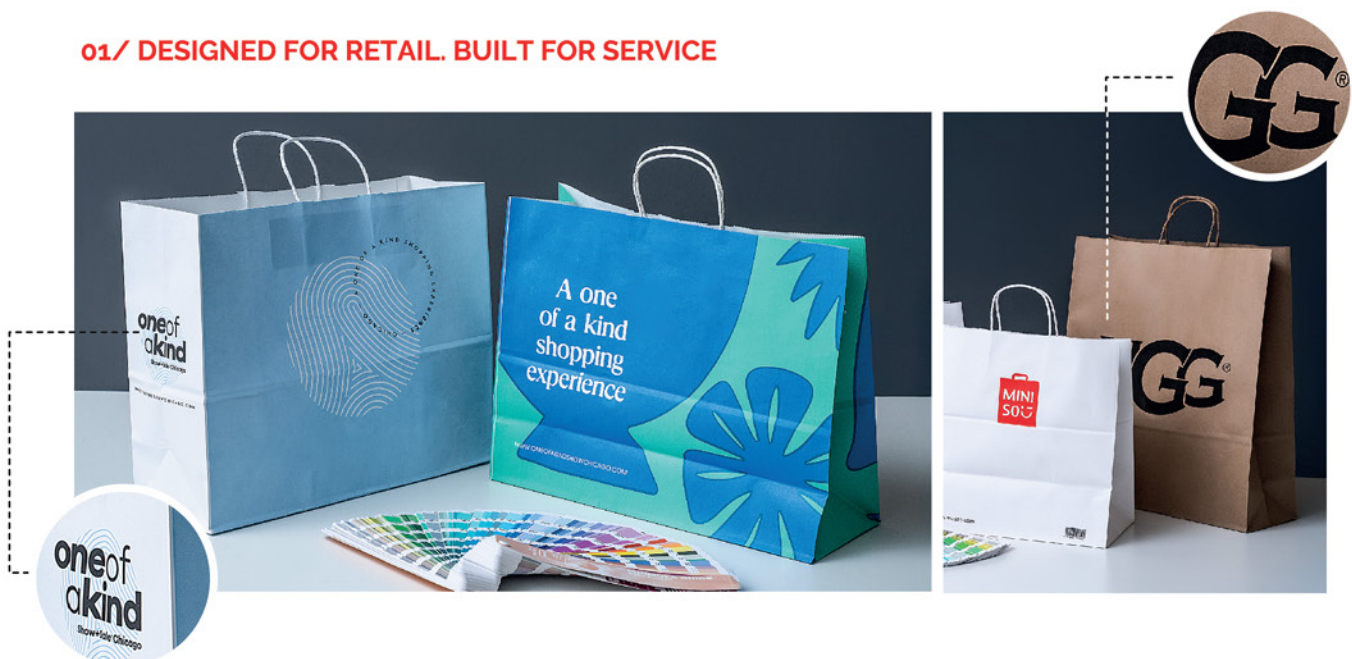

PRINTING & DESIGN SOLUTIONS

Universal Green Packaging Inc. offers in-house flexographic printing to support the branding needs of clients across all industries. Our advanced printing lines support up to four colors with precision and consistency, making it easy to produce custom designs at any scale — from small batches to high-volume runs. We use water-based, food-safe inks made from biodegradable materials, keeping every bag aligned with our sustainability values. Beyond printing, we provide custom design services tailored to your brand. Whether you're starting fresh or updating existing packaging, our team collaborates with you to create functional, eye-catching solutions. With everything under one roof, we ensure full control over quality, lead times, and customization — making your packaging not only reliable, but visually impactful.

With everything handled under one roof, we maintain complete control over quality, timelines, and customization — making your packaging not only functional, but visually impactful.

01/ DESIGNED FOR RETAIL. BUILT FOR SERVICE

02/ PRINT YOUR STORY ON EVERY BAG - ELEVATE TAKEOUT EXPERIENCE

03/ DESIGNED TO BE SEEN. BUILT TO BE USED.

SUSTAINABILITY

Sustainability is deeply rooted in everything we do at Universal Green Packaging Inc. As a 100% Canadian manufacturer, we take pride in sourcing all of our raw materials from within Canada and North America. This allows us to reduce our carbon footprint while supporting local economies and maintaining a consistent, high standard of quality.

Our production process is designed with environmental responsibility in mind. We use water-based, biodegradable inks and adhesives that are food-safe and align with strict environmental standards — ensuring our products are as safe as they are sustainable.

We are proudly FSC® Chain of Custody certified, Which enables us to source our paper products from responsibly managed forests. This certification reinforces our ongoing commitment to transparency, ethical sourcing, and long-term environmental stewardship.

From initial design to final delivery, every bag we manufacture reflects our dedication to protecting the planet and supporting our customers in their shift toward more sustainable packaging solutions.
